P R O F I L E

Hard work is challenging work. But why does it have to be challenging work? Because challenging work, when intelligently chosen, pays off. It's the work that people of lesser character will avoid. And if you infer that I'm saying people who avoid challenging work have a character flaw, you're right... and a serious one at that. If you avoid challenging work, you avoid doing what it takes to succeed.

E X P E R I E N C E

● IAC Eitanim

From 2014 to 2016 | Team Leader

Granted the role of project leader. Through this course I helped our team [Ian and execute many large projects that were then used in for competition in an annual hackathon where we competed against other teams. From the 4 years, we took home the win twice.

● Ackerman Development

From 2019 to 2020 | Head of Social Media

Generated a structured and statistically measured social media marketing plan for this real estate development company. It was then presented, approved, and finally executed and resulted in major growth for the company and the exposure they recieved.

● Novelution

From 2019 to 2021 | Intern

Presented and demoed the companies administrative software and helped close new clients for the upcoming sales quarter.
